URUGUAY COLLECTIVE 2026

Margo Baridon is a contemporary womenswear brand offering a new interpretation of Latin design *bold in color, refined in craft*, and rooted in a distinctly **South American sensibility**.

With their pieces responsibly designed in Uruguay, Margo Baridon is the new standard bearer for women who want both ***avant-garde and everyday signature looks***: think *voluminous shapes, laborious details, and intentional materials* for a truly timeless and authentic aesthetic.

Crafted locally, each collection reimagines Latin design as something bold yet wearable, artisanal yet modern — a fresh voice giving sophisticated Latin design a new meaning.

BEGANESHA®

URUGUAY COLLECTIVE 2026

BeGANESHA was born from a couple's passion for traveling, discovering new cultures, and constantly challenging the conventional path. Those experiences shaped not only our lives, but also the essence of our brand.

Fashion is our way of communicating. Clothing is simply the vehicle; what truly matters is inspiring people to live with freedom, authenticity, and courage.

Our collections combine timeless design with a contemporary perspective. We create versatile, premium-quality pieces with a strong identity, designed to accompany women through every stage and moment of their lives. Denim, knitwear, and elevated essentials are at the heart of our collections, with every piece developed through careful attention to design, materials, and craftsmanship.

BeGANESHA goes beyond fashion collections, that's why we share our travels, the stories behind our products, the people who make them, and the creative process behind every collection. Through our podcast, our experiences, and our community, we encourage others to dream bigger, take chances, and pursue their own path.

Today, we aspire to become much more than a fashion brand. Our vision is to build a global community connected by the values of freedom, authenticity, and continuous growth, bringing the spirit of BeGANESHA to new markets while remaining true to who we are.

URUGUAY COLLECTIVE 2026

Loria Studio is a handbag brand where traditional craftsmanship meets contemporary design.

Founded and led by women, the brand is built on the premise: the material comes first. Every design begins with the leather. Hides are selected by hand, one by one, for their softness, texture, and the way they hold shape — then constructed in a family-run workshop by artisans who have spent decades refining their trade.

LORIA's aesthetic lives in the balance of opposing forces: the past and the future, the masculine and the feminine, the clean and the chaotic. Production is local, small-scale, and transparent by design — with a commitment to conscious sourcing and enduring quality. The pieces are made to be worn, move through everyday life, and say something about the woman carrying them.

URUGUAY COLLECTIVE 2026

My name is Clara, founder and creative director of Feel Nomade.

Inspired by the ocean, travel and a life close to nature, I created Feel Nomade as a way to bring together my love for surfing and beach life, fashion, color and freedom — with a deep respect for the environment at the heart of every decision.

Through original prints and feminine, versatile pieces, I want women to feel beautiful, confident and alive — wherever life takes them.

For me, Feel Nomade is more than a brand. It is a way of living: staying connected to your roots while always keeping the freedom to explore.

Keep your roots, expand your wings.
