Uruguayan contemporary fashion brand creating handcrafted, timeless pieces that celebrate artisanal craftsmanship and joyful living.

URUGUAY COLLECTIVE 2026

Emerging brand based on Montevideo, Uruguay.

All of our pieces are recognized by their originality and quality. Our prints are inspired by nature, architecture and art.

Our brand was founded in 2020 and is conformed by 2 independent women with passion towards business and design.

Celmo's production process respects the much needed time each piece demands and we are involved in every part of it, from design to the sourcing of materials and craftsmen.

URUGUAY COLLECTIVE 2026

This universe emerged thanks to the inspiration and desire to create products we couldn't find.

Coppelia allows to have fun and also to think of garments in a functional way. For women who seeks to dress differently and values quality.
