

AF Maderas

We are a company working in Uruguay, Brazil and Chile dedicated to asset management and forestry services.

We are a company working in Uruguay, Brazil and Chile dedicated to asset management and forestry services. We offer integral solutions to our clients, taking into account the safety and well-being of our operators, the responsible care of the environment, legal requirements and ethics as a fundamental value.

We started our activity in 2000 in Uruguay as a forestry services company. We started working specifically in weed control, but we soon grew and diversified. Today we offer services in all stages of forest growth, as well as the creation and management of funds, and the administration of forestry and agricultural assets.
