

Bauten Construcciones

, Montevideo

Founded in 2006, Bauten is a construction company that grows steadily. Recognized for the quality of its work, it is committed to satisfying the details of each project, assuming the objectives and expectations of its clients as their own.

Founded in 2006, Bauten is a construction company that grows steadily. Recognized for the quality of its work, it is committed to satisfying the details of each project, assuming the objectives and expectations of its clients as their own.

Bauten adaptability allows to resolve projects of a very diverse nature and scale, from interior renovations to new corporate buildings; from single-family residences to high-end brands points of sale; from a new branch for an international bank to the renovation of a historic building.

The technical team of Bauten has accumulated significant experience in the solution of complex assignments, those that demand higher-than-average service quality and superior finishes. Its control of processes allows Bauten to deliver the work within the deadlines and the agreed costs. For all this, Bauten is chosen by the most demanding clients.
