LEA GLOBAL is the 2nd largest international professional association in the world, providing its clients with personal global connections and quality specialists. The power of LEA Global extends to all of our companies' clients: empowered people. Reduced bureaucracy. Accessible services. Expectations exceeded.

The local firm GTS International, with offices in WTC Free Zone has specialists who exceed the goals of their clients, who have been choosing them for 20 years. You can check on their website www.gts.com.uy, some of the clients served, as well as verify the testimonials with their experience.

Its team of multidisciplinary professionals are experts in tax consulting, accounting, corporate law and notary, and in particular in the installation of companies using Free Zones and foreign companies.

In order to serve global clients and have a strong local experience of its professionals, its pillars are Honesty, Confidentiality, Ethics, Technical Excellence, Long Term Relationships and Transparency.

Experience in assisting foreign investors

Almost all the clients served in Uruguay are international companies and a large majority of them were installed from the beginning of their activities in an integral way, with strong links with the different operators of Free Trade Zones in Uruguay.

The local firm participated in successful Due Diligence advising multinational groups as well as in the settlement of salaries for hundreds of officials for the largest foreign investment in the country.

International presence

LEA GLOBAL (<https://leaglobal.com/>), opens doors to customers in over 110 countries where more than 226 companies operate and provides personal business relationships within a global alliance of strong and productive independently owned companies, where local partners are actively involved on the front line and work closely with customers.
