

## SIMPLA

SIMPLA SOLUTIONS is a company that aims to lead the development of hemp cultivation in Uruguay and the region. SIMPLA specializes in the production of high quality hemp flowers, biomass and grains, offering the most advanced and competitive genetics in the field.

SIMPLA SOLUTIONS is a company that aims to lead the development of hemp cultivation in Uruguay and the region. SIMPLA specializes in the production of high quality hemp flowers, biomass and grains, offering the most advanced and competitive genetics in the field.

The team has vast experience in the national and international seed sector, so SIMPLA's commercial possibilities are enhanced by a wide network of contacts and links throughout the region and with different countries that also have solid experience in the field.

Experience in assisting foreign investors

Currently, SIMPLA is offering consultancies to foreign interested companies who are looking to invest in hemp production in Uruguay. SIMPLA provides services such as project formulation, project management, consultancies, among others.
