# VIÑA EDÉN

## ABOUT US:

Viña Edén is a premium winery located in Pueblo Edén, Uruguay, between the Atlantic Ocean and the ancient hills of Maldonado. Founded in 2008, it produces high-end red, white, and sparkling wines from six grape varieties. Viña Edén is the only winery in Uruguay with kosher wines holding international certification and has received multiple recognitions for its sustainable practices, energy efficiency, and social responsibility. With low-yield vineyards and cutting-edge technology, it offers three wine lines—Viña Edén, Pueblo Edén, and ED—as well as exclusive wine tourism, fine dining, and a luxury resort under development.

## MAIN PRODUCTS:

Viña Edén exports premium red, white, and sparkling wines across three product lines: Viña Edén (limited-edition, barrel-aged wines), Pueblo Edén (young, fresh, minimal-intervention wines), and ED (balanced, export-focused blends). The winery is also the only one in Uruguay offering kosher wines with international certification (Star-K and BDK). Additionally, Viña Edén produces a complex, low-acidity extra virgin olive oil crafted from Arbequina and Coratina olives. All products reflect the brand's commitment to sustainability, terroir expression, and artisanal quality.

*Nutriendo el futuro*

#### ABOUT US:

Lactalis is a global dairy company originating from France, recognized as one of the world's leading producers of dairy products. Founded in 1933, the company has expanded its presence to over 90 countries, including Uruguay. Lactalis specializes in the production and distribution of a wide range of dairy goods, such as milk, cheese, yogurt, butter, and cream. Its portfolio includes well-known international and local brands, offering high-quality products for both consumers and the food industry. The company is committed to innovation, food safety, and sustainable practices throughout its operations.

#### MAIN PRODUCTS:

Our Milk Jam is perfect for delighting the taste buds of both adults and children. The secret lies in its smooth, incomparable flavor and creaminess, achieved using fresh milk. Ideal for spreading and creating delicious breakfasts and snacks.
