Dambo

ABOUT US:

Damboriarena Escosteguy S.R.L. is a Family business dedicated to the industrialization and export of Uruguayan rice. It has 3 industrial plants and alliances with other warehouses located in strategic places.

The vision of the company is to be a reference in the safe and responsible production of food, as well as in its commercial practices, seeking satisfaction from customers and collaborators. Starting from the seed with its proven physical and genetic purity to the work of producers, customers, collaborators and suppliers, all processes are based on a management system that seeks continuous improvement for the safe, responsible and innocuous production of food.

ABOUT US:

Better, larger and nutritious rice.

FROCOM is a rice mill located in the north of Uruguay, specialized in the Olimar variety.

Frocom completes the rice production process with maximum detail and quality at every step.

Making white rice is an art that requires a daily, consistent dedication and passion in the polishing and selection of grains, so we achieve the best quality. We strive to deliver a rice with a unique shine, perfecting the technique to improve its quality and maintain its purity.

MAIN PRODUCTS:

- Long fine white, rice type 1.50 kilo bag.
- Cargo rice or half, white grain, available in bulk or in 1000 kgs bags.
- Fortified, white rice, 50 kilo bag.

La Trigueña

ABOUT US:

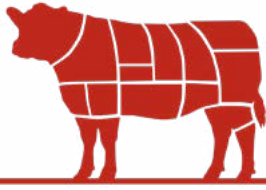

La Trigueña is a Uruguayan company specialized in the production of crackers, cookies, breadsticks and breadcrumbs. With a solid track record of more than 38 years in the market, we combine traditional craftsmanship with industrial technology to offer high-quality products made with carefully selected ingredients.

Our products stand out for their quality and flavor, preserving the characteristics of artisanal processes and offering a value proposition that combines tradition, innovation, and excellence.

MAIN PRODUCTS:

- Crackers
- Cookies
- Breadsticks (grissini)
- Breadcrumbs.

TECHNOBEEF

MEAT EXPERTS

ABOUT US:

TechnoBeef is a Uruguayan company redefining how the meat industry understands quality. Using precision Japanese technology, we evaluate each carcass objectively and transform data into strategic decisions. We don't sell promises—we deliver measurable results: trust, standardization, and added value to conquer highly demanding markets. We are change agents in the meatpacking industry, driving meat quality programs that set products apart and open doors. Because quality is not improvised—it is developed. And at TechnoBeef, we know how to make it happen. If your business is betting on the future, now is the time to talk to us.
