📍 Rincón 518-528 | Montevideo, Uruguay

**Eduardo Rodríguez has been deputy executive director of Uruguay XXI since September 2023.**

He is a Certified Public Accountant graduated from Universidad de la República and holds an MBA from IAE Business School in Buenos Aires, Argentina.

In his professional career, he has worked in the international tax area of the Tax, Legal and Accounting Services department at PwC Uruguay for 25 years. His role as director included the leadership of a team of more than 50 professionals who, in interaction with other areas of PwC Uruguay, local and foreign actors, carried out the promotion and professional advice for the implementation in Uruguay of regional distribution centers, holding entities and traders, shared services centers, among others.

He was also director of the Fundación Centro de Estudios de Políticas Públicas, which works with the objective of generating technical content of national interest for the development of public policies in Uruguay that contribute to the improvement of society in general.

He was co-founder and president of Enseña Uruguay, of which he is currently director. Enseña Uruguay is an NGO in the educational sector that contributes to reduce the educational gap in Uruguay through the selection, training and monitoring of agents of change.

He has had teaching experience in several universities, courses and seminars.

At the educational level, he has participated in technical specializations in domestic and international taxation, as well as professional training in leadership development and governance and public innovation.
